

Use during the owner demonstration

Use this sheet alongside the full guide and the project's documents. Record what is confirmed, what remains open and who will resolve it. A tick records your discussion; it is not technical approval or a safety inspection.

Project / equipment: _____

Discussion date: _____

Confirmation	Evidence / owner / next action
☐ The drawing and equipment schedule match the visible labels and installed models.	
☐ The everyday operating mode and normal displays have been demonstrated to the person responsible.	
☐ Owner controls are distinguished from settings and equipment reserved for trained personnel.	
☐ Commissioning results identify the equipment, method and relevant operating conditions.	
☐ The contact and response for an unfamiliar alert or interrupted operation are explained.	
☐ Water-care responsibility, swimming release and the next service visit are assigned.
