

Stairlift offers: compare one period

Use written offers for equipment that fits the user and staircase. Enter non-refundable costs, include tax consistently and count bundles once. Keep separately refundable deposits outside this cost comparison; they still affect initial cash required. Blank means unknown; write 0 only for a confirmed zero charge.

Project / equipment: _____

Discussion date: _____

Comparison period: _____ months

Offers dated: _____

Cost line · S\$ including tax where chargeable	Purchase offer	Rental offer
Upfront equipment, installation and other non-refundable charges		
Monthly charge		
Monthly charge × comparison months		
Other known costs for the whole period		
Removal / end-of-period cost		
Total: upfront + monthly total + other + end cost		

Difference = larger total – smaller total. Keep any unresolved amount visible; a partial total is not the full cost.

Terms that change the comparison

Minimum term, included months and cancellation	
Maintenance, fault support and exclusions	
User fit, staircase fit and removal obligations	

This compares entered costs only. It does not establish rental availability, equal service cover, financing cost, future repairs or resale value.
